

Management & Consultancy

## COMPANY PROFILE

# WHO WE ARE

PMO Management & Consultancy offer a full range of project management services in construction and real estate development industries since 2010. Today, we are expert project managers, consultants, engineers and architects who have successfully provided wide range of services for many challenging international construction projects - valued in nearly a billion euros - in Turkey, Uzbekistan, Algeria, Libya, Russia and the UK. PMO provide advice and management services at all stages of the construction process; ranging from the initial site evaluation, tender & design management, construction management, quality and close-out management. PMO offer high tech, innovative and proven solutions combined with our proactive approach in order to satisfy all your needs.
